EDUCATION

Purdue University – West Lafayette, IN

Spring 2028

First Year Engineering (Intended Mechanical Engineering) / Deans List

GPA 3.7

- Relevant Coursework: Linear Algebra; Honors Multivariable Calculus; Differential Equations; Thermodynamics; MFET 163 (Siemens NX CAD & PDM)

EXPERIENCE

Railside Robotics

Aug. 2025 – Present

Code Lead & Mechanical Design Engineer

West Lafayette, IN

- Lead software development for club projects including a beetleweight arena and autonomous combat robot
- Designed and built multiple combat robots (1 lb and 3 lb), including Centurion for UIUC Robobrawl (3rd Place)
- Collaborate on rapid design–build–test cycles, gaining hands-on experience in fabrication and iteration
- Independently developing a personal 3 lb combat robot exploring new materials and weapon systems

Purdue Space Program

June 2025 – Sept. 2025

Venturi Design Member

West Lafayette, IN

- Designed a cavitating venturi to maintain constant mass flow under varying conditions
- Applied incompressible flow analysis and Bernoulli's principle to lander systems

Middlesex School Robotics Team

May 2023 – May 2025

Co-Founder and Captain

Concord, MA

- Founded FTC Team 24173 (Electric Zebras) from the ground up
- Led and taught 15 students mechanical design, Java-based programming, and electronics
- Managed full design–build–test–iterate competition cycle

Middlesex School Physics Club

Sept. 2023 – May 2025

Co-Founder and Club Head

Concord, MA

- Founded a hands-on physics club focused on applied engineering projects
- Led construction of model rockets and a pneumatic t-shirt cannon
- Prepared students for the USA Physics Olympiad $F=ma$ exam

PROJECTS

Middlesex Words Words

April 2024 – May 2025

Software Developer

- Co-developed a proprietary vocabulary learning platform with ~400 weekly active users
- Implemented spaced-repetition algorithms to improve long-term retention
- Built full-stack application using Next.js, TypeScript, MySQL, and Tailwind CSS

ACTIVITIES

Purdue Men's Club Ultimate Frisbee

Aug. 2025 – Present

Handler, CTRL-Z

- Competes in regional USA Ultimate tournaments
- Leads additional practices for skill development

Purdue Stand-Up Comedy Club

Dec. 2025 – Present

Member

- Workshop stand-up comedy material through weekly writing sessions and peer feedback
- Perform original stand-up sets at campus open-mic events

TECHNICAL SKILLS

CAD & Manufacturing: Siemens NX, SolidWorks, Fusion 360, Onshape, 3D Printing

Programming: JavaScript, TypeScript, React, Java, C++, MATLAB, Python, Rust, SQL, Git

Interests: Chess, Arsenal F.C., Ultimate Frisbee, Robotics, Finance, Formula 1
